

Trails Summit Meeting

*Hosted by the
Michigan Horse Council Trails
Committee*

MHC Horse Expo, Saturday, March 8 - 5:30-6:30 p.m.
Round Pen/Auditorium

This will be an Open Forum devoted to identifying common problems facing Equestrian Trails and Trail Riders in Michigan.

Focus will be on developing possible solutions, both short-term and long-term. One goal could be the development of a MHC Ad Hoc working committee whose task will be to organize and put on Trails Summit, where one or two representatives from each of MHC's member trail organizations would participate to impart information and address common issues/problems with the intent of developing mutual objectives and goals, linking our efforts to maximize our strength and influence on state and federal agency policies and decisions.

Please.....Hurry out and notify your members, friends and any other trail riders you know about this important meeting!

For additional information about this meeting, visit the MHC website: www.michiganhorsecouncil.com
