

EQUINE LEGISLATIVE DAY

Equine Commission Proposal

Changes in the Michigan Horse Industry

- ▣ 1982 (not survey results)
 - Estimates were 250,000 horses in Michigan, in 1982 MI of the 30 states that allowed pari-mutuel betting ranked 10th in pari-mutuel wagering and 5th in state revenue from racing
- ▣ 1991 Survey results
 - 130,000 horses, 28,000 operations, \$256M horse related expenses
- ▣ 1996 Survey results
 - 133,000 horses
- ▣ 2007 Survey results
 - 155,000 horses, 35,000 operations, \$805M horse related expenses

2017 Michigan Results

from American Horse Council Survey

- ▣ Total Value Added to the Michigan Economy: **\$1.6 billion**
- ▣ Total Michigan Employment Impact: **30,739 jobs**
 - Direct Employment Impact: **22,068 jobs**
- ▣ Direct Contribution to Michigan GDP: **\$893 million**
- ▣ **188,865** horses in Michigan- making it **the twelfth largest state in terms of horse population**
- ▣ **628,000** acres of land in Michigan used for horse-related purposes.

What is needed in the future?

▣ 1982 Governor's Conference on the Horse Industry

- Lt. Governor James H. Brickley called for the equine industry to unite and work for common goals
 - ▣ Recommendations from the 1982 Conference
 - MI horse industry should establish an equine commission to promote horse related activities
 - MI horse industry should establish a check-off program to generated funding for the work of the equine commission
- Subsequent Governor's and state wide conferences also recommended the establishment of an Equine Commission

Development of current proposal

- ▣ 44 leaders from every segment of the horse industry were invited to participate in the development of a plan to establish an Equine Promotional Fund
- ▣ When asked if they believed in the idea they unanimously supported the concept
- ▣ The working group ended up being about 25 people who were willing to take the time to flesh out the proposal

Legislation Specifics

- ▣ The proposed legislation recommends a fee of \$3.00 per Coggins test drawn on Michigan horses and \$5.00 per ton of formulated horse feed sold in Michigan
- ▣ Establishing a commission consisting of members representing all aspects of the MI horse industry, charged with dispensing funds and the goal of providing programs for the benefit of the total industry
- ▣ Horsepersons not wishing to participate in the fund may apply to the commission for a full refund with receipts of payments over the previous year

Estimates of actual cost per horse

- ▣ Using a 1,000 pound horse consuming 20 pounds of feed per day (25% or 5 pounds being formulated horse feed)
- ▣ 1,825 pounds of formulated feed per year
- ▣ At \$5.00 per ton the annual contribution to the fund is \$4.50 per year
- ▣ Assuming one Coggins test (\$3.00 per Coggins test) per year the total annual contribution by the horse owner per horse is **\$7.50**

Suggested use of the funds

Actual use to be determined by Commission

- ▣ Support of state FFA equine programs
- ▣ Grants to 4-H expansion programs
- ▣ Scholarship programs
- ▣ Charitable equine programs such as camps, riding programs for the disabled and veterans and equine rescues
- ▣ Equine health and welfare, including welfare programs that retrain and re-home unwanted horses, and equine studies and health research
- ▣ Investment in existing equine exhibition facilities
- ▣ Promotion of horses and the horse industry, including, especially, creation of marketing materials and educational and networking programs for those not yet acquainted with horses
